A message from Summit County Allocation Resource Park regarding tip fee changes at the landfill: "Beginning January 1, 2026, the following will apply to C&D loads: Unsorted C&D loads (loads containing divertible materials that are mixed together) will be accepted at a standard tip fee of \$150 per ton. Sorted C&D loads that are clean and separated by material type will be accepted at a reduced rate of \$85 per ton. Divertible materials that must be sorted include raw dimensional lumber, concrete, scrap metal, pallets, cardboard, paper, and tree slash. If a load does not contain any divertible materials, it will be charged at \$85 per ton, as there is nothing in the load that requires sorting. Materials sorted separately qualify for additional reduced rates, including: Raw dimensional lumber: \$30 per ton (minimum \$10) Concrete: \$45 per ton (minimum \$30) Tree slash: \$12 per ton (minimum \$10) Pallets: \$30 (minimum \$10) Scrap metal, cardboard, and paper: no charge, when clean and uncontaminated All sorting must be completed off site prior to arrival. Sorting or re-sorting on the ground at the facility will not be permitted. Loads containing divertible materials that are mixed together or loads with contamination that cannot be reasonably separated will be charged

the Unsorted C&D rate. Load monitoring will continue at the scale and unloading areas, and staff inspection will determine final load classification and applicable fees.” Any questions can be directed to SCRAP: Subhanker Roy: C&D Specialist- subhanker.roy@summitcountyco.gov Amanda McQueer: Administrative and Finance Manager- amanda.mcqueer@summitcountyco.gov
